First choice for new formulations

SUDARSHAN

Adding value to your products

Sudarshan Chemical Industries Limited is a leading, world-class color solutions provider with a strong global outreach in the production of performance colorants, an extensive range of Organic, Inorganic and Pearlescent pigments as well as Dispersions.

Our quality colorants offer outstanding performance, brilliant color and special effect to the cosmetic and personal care industries.

With over 60 years of manufacturing experience, well-equipped modern laboratories and a team of skilled technologists, we are able to support the cosmetics and personal care industry with customized products, taking a partnership approach, providing advanced beauty solutions.

Operational Excellence:

Accredited with ISO 9001:2015, ISO 14001:2015, ISO 17025 & ISO 45001:2018 certifications our quality, environment & safety systems are of international standards. All improvement programs are driven through 6-Sigma methodology. Pigments are compliant with Halal & Kosher guidelines.

Our pigments are compliant with heavy metal specifications and globally published regulatory norms.

- US FDA Code of Federal regulations (CFR) title 21, part 73
- European Cosmetic (EC) Regulation 1223/2009
- Japanese standards of cosmetic ingredients (JSQI 2006)
- Chinese hygienic standard for cosmetics

Sudarshan operates a zero-tolerance policy on child labour. We employ no workers below the age of 18 years at any of our sites, be they in India or anywhere else in the world. We demand that all our vendors and partners also adhere to this policy.

Spectacular colors & special effects for exemplary beauty.

Prestige®
PEARLESCENT PIGMENTS

“Soft elegance

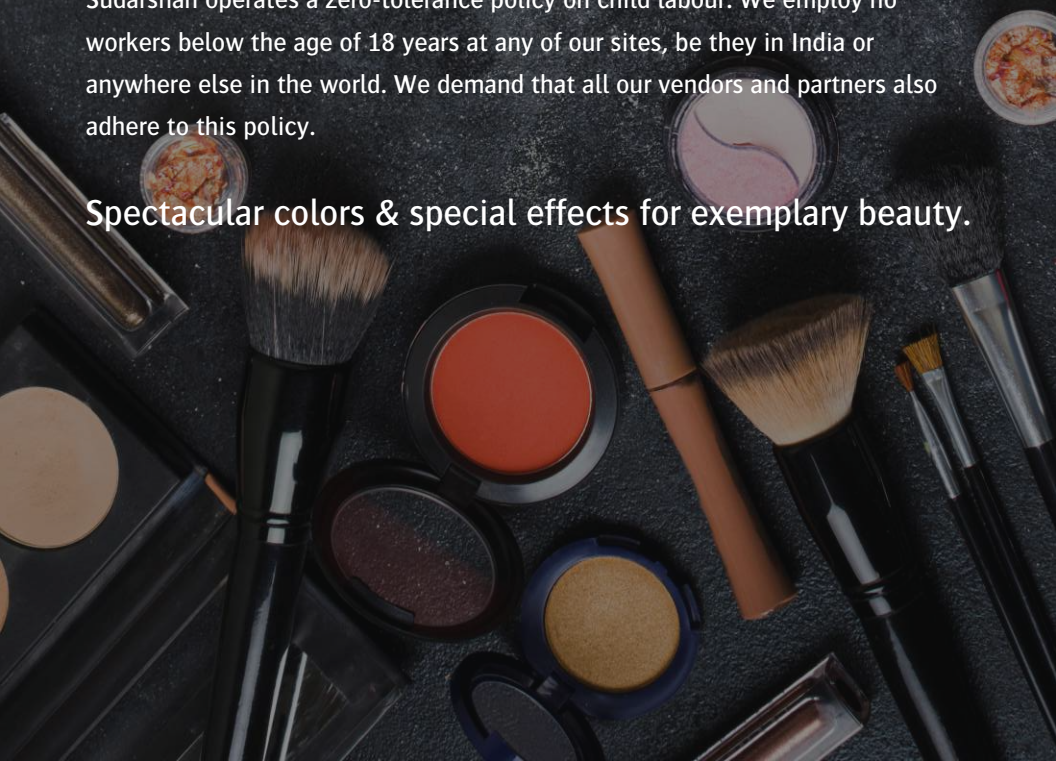

Our Prestige® pearlescent pigments offer very subtle optical appearances and are well suited for visual effects that refresh and create a younger looking skin. The range varies from super fine to sparkling lustre colorants providing numerous possibilities to the formulators.

Sumicos™

“Outstanding performance

Our Sumicos™ range of pigments brings brilliancy and shimmer to distinguish products in the personal care and color cosmetics space.

This lustrous range includes products based on natural and synthetic mica technology which perfectly complement the softer effects offered by our Prestige® range of products.
